

How to get a quote for your replacement windows

E-mail us digital pictures of the windows you need to replace together with their dimensions, width and height.

e-mail to sales@bomon.com

We will e-mail you quote(s) within 48 hours.

If pricing is acceptable to you go to "How to order"

How to order your replacement windows.

It is important to provide us with exact window opening information, which you can supply to us in 2 forms

1) using templets

- a) remove existing window
- b) tape to outside of opening drawing paper or cardboard
- c) from inside, using marker, follow opening contour so that of outside of marker line represent inside of opening.
- d) mark templet with, window location, P or SB, frwr side
- e) mail to: Bomon Inc.

1855 Industrial Blvd
Laval, Qc,
Canada H7S 1P5

If shipper or post office requires a value, do declare a value of not more than \$ 10.00.

2) Using data sheets, PDF file

this is a schematic and your openings will most likely be very different in shape.

- a) remove existing window.
- b) use a long ruler, and aligned on cut-out, extend opening lines beyond corner radius, producing 4 intersects
- c) measure the distance between the intersects to nearest 1/16", producing dimensions AB,BC,CD and AD for data sheet
- d) measure diagonals AC and BD also to nearest 1/16"
- e) be as accurate as possible but if errors do occur our Cad program will flag this and request a Remeasure.

re: Sailboat Replacement windows.

Over the years we have produced many replacement windows for both Sail- and Powerboats.

As these windows were produced from the opening information provided by the client, it was not always clear into which Make and Model of boat these windows were installed.

Some research was done into our past production and we have found good information for some of the windows or replacements thereof we have produced for boat builders as listed below.

Sail :	Power :
Bayfield	Atlantic
Bristol	Carver
Cal	Chryslercraft
Catalina	Cruisers
C&C	Duffy
DownEast	Egg Harbor
Ericson	Freedom
Odyssey	Hinckley
Pearson	Huckins
Ranger	Judge
Sabre	Legacy
Tanzer	Lowell Bros
	Rosborough
	SabreLiners

Provide us with Make, Model and year of boat as well as the outside window dimensions, Length and Height and we will probably find your window information.

If your boat is not listed above send us templet of your opening(s) and based on this information we will produce a production drawing for your windows, for your approval.
see sketch below.
